INFORMATION TO BE INCLUDED IN FORM ECSRC-OR

1. Financial Statements

Provide Financial Statements for the period being reported in accordance with International Accounting Standards. The format of the financial statements should be similar to those provided with the registration statement. Include the following:

- (a) Condensed Balance Sheet as of the end of the most recent financial year and just concluded reporting period.
- (b) Condensed Statement of Income for the just concluded reporting period and the corresponding period in the previous financial year along with interim three, six and nine months of the current financial year and corresponding period in the previous financial year.
- (c) Condensed Statement of Cash Flows for the just concluded reporting period and the corresponding period in the previous financial year along with the interim three, six and nine months of the current financial year and the corresponding period in the previous financial year.
- (d) By way of *Notes to Condensed Financial Statements*, provide explanation of items in the financial statements and indicate any deviations from generally accepted accounting practices.

2. Management's Discussion and Analysis of Financial Condition and Results of Operation.

Discuss the reporting issuer's financial condition covering aspects such as liquidity, capital resources, changes in financial condition and results of operations during the reporting period. Discussions of liquidity and capital resources may be combined whenever the two topics are interrelated. Discussion of material changes should be from the end of the preceding financial year to the date of the most recent interim report.

The Management's Discussion and Analysis should disclose sufficient information to enable investors to judge:

- 1. The quality of earnings;
- 2. The likelihood that past performance is indicative of future performance; and
- 3. The issuer's general financial condition and outlook.

It should disclose information over and above that which is provided in the management accounts and should not be merely a description of the movements in the financial statements in narrative form or an otherwise uninformative series of technical responses. It should provide management's perspective of the company that enables investors to view the business from the vantage point of management.

The discussion should focus on aspects such as liquidity; capital resources; changes in financial condition; results of operations; material trends and uncertainties and measures

taken or to be taken to address unfavourable trends; key performance indicators; and non-financial indicators.

General Discussion and Analysis of Financial Condition

As at December 31, 2017, The Bank of Nevis Ltd (The Bank) recorded total assets in the amount of \$579.90 million. This amount represents a net decline of \$10.6 million from the total reported at September 30, 2017. The net decrease during the quarter under review is primarily attributed to the utilization of liquid funds to satisfy customer withdrawal and drawdown requests via the deposits as well as the loans and advances portfolio.

When compared to the audited position at June 30, 2017, total assets has increased by a marginal \$1.7 million or 0.3%.

Total loans and advances increased by \$9.6 million during the quarter, bringing the total at the end of the reporting period to \$226.5 million. The net increase over the three month period is as a result of increased credit which was extended to the local government.

At December 31, 2017, total deposits held on behalf of customers stood at \$335.9 million, a net decrease of \$9.1 million when compared to the amount which was recorded at September 30, 2017. The US Dollar Demand and US Dollar Savings categories are the most significant contributors to the quarter's decrease.

Liquidity and Capital Resources

Provide a narrative explanation of the following (but not limited to):

- i) The reporting issuer's financial condition covering aspects such as liquidity, capital resources, changes in financial condition and results of operations.
- ii) Any known trends, demands, commitments, events or uncertainties that will result in, or that are reasonably likely to result in, the issuer's liquidity increasing or decreasing in any material way. If a deficiency is identified, indicate the course of action that the reporting issuer has taken or proposes to take to remedy the deficiency.
- iii) The issuer's internal and external sources of liquidity and any material unused sources of liquid assets.
- iv) Provisions contained in financial guarantees or commitments, debt or lease agreements or other arrangements that could trigger a requirement for an early payment, additional collateral support, changes in terms, acceleration of maturity, or the creation of an additional financial obligation such as adverse changes in the issuer's financial ratios, earnings, cash flows or stock price or changes in the value of underlying, linked or indexed assets.

- v) Circumstances that could impair the issuer's ability to continue to engage in transactions that have been integral to historical operations or are financially or operationally essential or that could render that activity commercially impracticable such as the inability to maintain a specified level of earnings, earnings per share, financial ratios or collateral.
- vi) Factors specific to the issuer and its markets that the issuer expects will affect its ability to raise short-term and long-term financing, guarantees of debt or other commitment to third parties, and written options on non-financial assets.
- vii) The relevant maturity grouping of assets and liabilities based on the remaining period at the balance sheet date to the contractual maturity date. Commentary should provide information about effective periods and the way the risks associated with different maturity and interest profiles are managed and controlled.
- viii) The issuer's material commitments for capital expenditures as of the end of the latest fiscal period, and indicate the general purposes of such commitments and the anticipated source of funds needed to fulfil such commitments.
- ix) Any known material trends, favorable or unfavorable, in the issuer's capital resources, including any expected material changes in the mix and relative cost of capital resources, considering changes between debt, equity and any off-balance sheet financing arrangements.

Discussion of Liquidity and Capital Resources

The Bank's liquidity remained stable throughout the three month period ending December 31, 2017. At the end of the reporting period, the Bank's portfolio of liquid assets was recorded at EC\$121.6 million or 21.0% of the total asset base. Liquid assets comprise primarily of correspondent accounts, short term deposits with regional and international financial institutions as well as short-term treasury bill investments via local and regional government bodies. The loans to deposit ratio at December 31, 2017 was 67.44%.

The Bank's liquidity position is constantly monitored, and the executive management meets on a weekly basis to discuss the position as well as recent trends and projections.

Off Balance Sheet Arrangements

Provide a narrative explanation of the following (but not limited to):

- i) Disclosures concerning transactions, arrangements and other relationships with unconsolidated entities or other persons that are reasonably likely to materially affect liquidity or the availability of, or requirements for capital resources.
- ii) The extent of the issuer's reliance on off-balance sheet arrangements should be described fully and clearly where those entities provide financing, liquidity, market or credit risk support, or expose the issuer to liability that is not reflected on the face of the financial statements.
- iii) Off-balance sheet arrangements such as their business purposes and activities, their economic substance, the key terms and conditions of any commitments, the initial on-going relationship with the issuer and its affiliates and the potential risk exposures resulting from its contractual or other commitments involving the off-balance sheet arrangements.
- iv) The effects on the issuer's business and financial condition of the entity's termination if it has a finite life or it is reasonably likely that the issuer's arrangements with the entity may be discontinued in the foreseeable future.

Results of Operations

In discussing results of operations, issuers should highlight the company's products and services, facilities and future direction. There should be a discussion of operating considerations and unusual events, which have influenced results for the reporting period. Additionally, any trends or uncertainties that might materially affect operating results in the future should be discussed.

Provide a narrative explanation of the following (but not limited to):

- Any unusual or infrequent events or transactions or any significant economic changes that materially affected the amount of reported income from continuing operations and, in each case, the extent to which income was so affected.
- ii) Significant components of revenues or expenses that should, in the company's judgment, be described in order to understand the issuer's results of operations.
- iii) Known trends or uncertainties that have had or that the issuer reasonably expects will have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations.
- iv) Known events that will cause a material change in the relationship between costs and revenues (such as price increases, costs of labour or materials), and changes in relationships should be disclosed.
- v) The extent to which material increases in net sales or revenues are attributable to increases in prices or to increases in the volume or amount of goods or services being sold or to the introduction of new products or services.
- vi) Matters that will have an impact on future operations and have not had an impact in the past.
- vii) Matters that have had an impact on reported operations and are not expected to have an impact upon future operations
- viii) Off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships that have or are reasonably likely to have a current or future effect on the registrant's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.
- ix) Performance goals, systems and, controls.

Overview of Results of Operations

For the three month period ending December 31, 2017, The Bank recorded net profits in the amount of \$3.0 million. When compared to the cumulative earnings of the previous year, this amount represents a net improvement of \$2.0 million.

During the quarter under review, a total of \$4.4 in interest income was earned. Of this total, \$3.4 million was contributed via the loans and advances portfolio.

Total interest expense for the three months ending December 31, 2017 is \$1.7 million, to increase the cumulative total for the financial year-to-date to \$3.5 million. When compared to the similar performance in the prior year total interest expense declined by \$321,974 or 8.5%. The comparative net decline is mainly attributed to the continued reduction of interest rates offered on fixed deposit accounts at maturity.

Total operating income for the second quarter of the financial year was reported at \$7.1 million, a net increase of \$2.5 million over the September 20, 2017 total. Notwithstanding the not performance for the guerter just

ended, operating income declined by \$2.0 million or 22.2% in comparison to the similar performance one year ago.
A total of \$2.9 million in operating expenses was recorded during the second quarter of the financial year. The resulting total at December 31, 2017 stood at \$5.2 million. The main component of expenses within this category is the general and administrative expense category which contributed \$4.04 million or 77.7% of the cumulative total.

3. Disclosure about Risk Factors.

Provide a discussion of the risk factors that may have an impact on the results from operations or on the financial conditions. Avoid generalised statements. Typical risk factors include untested products, cash flow and liquidity problems, dependence on a key supplier or customer, management inexperience, nature of business, absence of a trading market (specific to the securities of the reporting issuer), etc. Indicate if any risk factors have increased or decreased in the time interval between the previous and current filing.

The Bank is faced with diverse risks in the conduct of its daily operations. Risk is defined as the possibility of losses of profits foregone, which may be caused by internal or external factors. Some of the major risks facing the Bank are outlined below.
Credit Risk: The most predominant risk factor within the Bank' s environment is Credit Risk. It is the risk of incurring a financial lose in the event that any of the Bank''s customers or counterparties falls to fulfil their contractual obligations to the Bank''s credit risk arises mainly from the loans and advances portfolio which constituted 39,1% of the Bank's lotal assets at December 31, 2017. The Bank is also exposed to other credit risks arising from investments in debt securities and other exposures from its trading activities.
Foreign Exchange Risk: Also affecting the Bank is the effects of fluctuations in the prevailing foreign currency exchange rates (foreign exchange risk). The majority of the Bank's assets and liabilities are held in Eastern Caribbean dollars which is the local currency. Most of the assets in foreign currencies, the exposure to which is not material to the Bank's assets and liabilities are also held in Euro, Pound Sterling, Canadian and Barbados currencies, the exposure to which is not material to the Bank's financial position.
Market firsk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. This exposure arises via select assets within the investment portfolio, which at December 31, 2017 amounted to EC\$73.75 million or 12.49% of the total asset base. The market risks arising from the investment portfolio are continuously monitored by the Investment and Risk Management.
Liquidity Risk Liquidity Risk the first that the Bank will be unable to meet its obligations when they fall due. The liquidity risk begins as recent trends and projections. At December 31, 2017, the Bank's portfolio of liquid assets amounted to EC\$121.6 million or 21.0% of total assets. The loans to deposit ratio at December 31, 2017 was 67.44%.

4. Legal Proceedings.

A legal proceeding need only be reported in the ECSRC – OR filed for the period in which it first became a reportable event and in subsequent interim reports in which there have been material developments. Subsequent Form ECSRC – OR filings in the same financial year in which a legal proceeding or a material development is reported should reference any previous reports in that year. Where proceedings have been terminated during the period covered by the report, provide similar information, including the date of termination and a description of the disposition thereof with respect to the reporting issuer and its subsidiaries.
