ECSE launches its online payment facility

The Eastern Caribbean Securities Exchange (ECSE) and its subsidiary, the Eastern Caribbean Central Securities Registry, now offer an online payment option for services to clients.

With the introduction of its online payment facility, clients will be able to make payments using credit/debit cards on the ECSE's website, www.ecseonline.com. This new feature offers the clients greater convenience and improved timeliness when accessing the ECSE Group's services. Visit www.ecseonline.com to access this facility.
