**PART VII
THE COMPANY**

1. (a) Provide brief history of the company since its inception to the present time.

On July 1, 2001, the East Caribbean Financial Holding Group of Companies was formed from a merger of The National Commercial Bank of Saint Lucia Limited and The Saint Lucia Development Bank. Both institutions began operations in 1981 wholly owned by The Government of Saint Lucia. This remained so until 1999 when The National Commercial Bank was privatized offering \$20 Million worth of shares to the public. This share offering was over subscribed by \$12 Million. The over subscription was met by the Government reducing its share ownership from 40-1 to 38-1 share ownership. In 2001, the two institutions were merged into the East Caribbean Financial Holding Group of Companies.

The year 2002 was one of consolidation of the various subsidiaries and other business aspects of the company. It was the first full year of operations after the merger, which was used to assess its full impact. In addition the company's operations were affected by a number of negative internal and external factors.

In 2003 two subsidiaries were established namely EC Global Insurance Company, and Bank of Saint Lucia International.

The EC Global Insurance Company, was launched on September 25, 2004 and provides general insurance coverage to our customers who desire the service and to the public at large. This company is jointly owned by ECFH, which owns 70% and Grace Kennedy & Company Limited which owns 30%. The objective is to develop an efficient and respected domestic insurance company that could provide essential cover not currently provided locally, and to do this cost-effectively and seamlessly with other Group services. The value proposition will be a broader range of insurance products and services offered competitively with reliability, efficiency and convenience.

Bank of Saint Lucia International was launched in April 2004, with a very experienced and professional management team to attract private depositors. It has adopted internationally prudent standards in its operations and has been mandated to adopt best practice in this line of business.

In 2008 another subsidiary ECFH Global Investment Solutions Limited was launched to provide Brokerage and Capital Market Services to St. Lucia and the OECS region.

In October 2010 ECFH acquired 20% shareholding in the Eastern Caribbean Amalgamated Bank (ECAB), and in November 2010 it also acquired 51% ownership in the National Commercial Bank of St. Vincent and the Grenadines Ltd, which had been renamed Bank of St. Vincent and the Grenadines Ltd.

All the subsidiaries are operational and contributing to the overall profitability of the Group.

(b) Provide a description of the developments in the company's main line of business including accomplishments and future plans.

Whilst there has been improvement in the global economy, recovery has been sluggish. Given the time lag between growth in the developed countries and that of developing countries, there are still some challenging times ahead for the local and regional economy. For 2010 the Government of Saint Lucia reported that the St. Lucian economy grew by 4.4% attributable mainly to growth in the tourism and construction sectors.

Group Performance

East Caribbean Financial Holding Limited (ECFH) continues to meet the strategic objectives of the Group; and consistently give back to the communities in which the Group and its subsidiaries operate. The Group recorded net profit after tax at \$9.7Million in 2010 compared with \$26.1M in 2009. All subsidiaries achieved surpluses with the exception of Bank of Saint Lucia Limited and EC Global Insurance Limited. Bank of Saint Lucia's results were substantially impacted by increased loan loss provisioning; and EC Global Insurance Limited results were impacted by insurance claims arising from Hurricane Tomas.

The Group has maintained relationships with key regional and international financial institutions such as Caribbean Development Bank (CDB), International Financial Corporation (IFC) and the European Investment Bank (EIB).

Bank of Saint Lucia Limited, the Group's largest subsidiary, recorded a net loss of approximately \$2.47 million. During 2010 Bank of Saint Lucia's review of its loan portfolio reflected increased credit risk requiring substantial loan loss provisioning of \$24.4 million which impacted the final performance for the year. Many commercial entities and individuals experienced difficulty in debt servicing increasing the level of non-performing loans and provisions. In the current environment the demand for loans significantly decreased impacting directly on interest revenue. The Bank's loans portfolio grew marginally by 1.2%. Customer deposits grew by approximately 8.9% at year end, an increase of \$88.1M over 2009 an indication of prudence in spending both on the part of the business and personal sectors. Total assets grew by 2.61% to \$1,808M. The balance sheet of the Bank remains strong.

The Bank's liquidity improved significantly in 2010 and the capital adequacy ratio was maintained at approximately 19%. Cost management remained a critical area of focus.

Bank of Saint Lucia International Limited (BOSLIL), the Group's offshore banking business performed well in 2010 with a significant growth in asset size to US\$273 million by year end. Penetration into the South American market is proving successful and plans are in place to strengthen BOSLIL's position in that market.

The Mortgage Finance Company of Saint Lucia recorded profits of \$5.9 million in 2010; whilst the Group's property development company Property Holding & Development Company Limited also recorded profits of \$2.9 million in 2010.

Diversification

ECFH recognizes that risk diversification plays a critical role in the Group's continued success. Diversification is seen from the perspective of both geographic concentration and lines of business and acquisition of interests in regional financial institutions has always been an aspect of the strategy. In 2010, the ECFH Group positioned itself to take advantage of two regional investment opportunities through a 20% shareholding in the new bank in Antigua, East Caribbean Amalgamated Bank Limited (ECAB) which has assets of \$400 million, as well as the acquisition of a majority shareholding in the National Commercial Bank (SVG) Limited, to be renamed Bank of St Vincent and the Grenadines Limited which has an asset value of \$713.7 million. We have no doubt that these acquisitions will enhance the Group's profitability over the next few years.

One of the more recently formed companies of the Group which provides brokerage and merchant banking business, ECFH Global Investment Solutions Limited is developing a solid name in the local and regional market. It raised significant funds on behalf of the Government of Saint Lucia being lead broker for the successful issue of a 6-year US\$16.4 million bond; and also a \$25 million treasury bill. In combination with our Wealth and Asset Management (WAM) Division, we expect growth for these areas of our business and increased contributions to the Group's results.

Operational and Other Initiatives

Some key operational initiatives commenced in the prior year were completed in 2010. The streamlining of the internal accounting and reporting systems was one such project, which has resulted in the elimination of manual procedures in reporting of the Group's results and preparation of financial statements. Further, the centralization of operational processes for Bank of Saint Lucia was also completed in 2010; this results in greater operational efficiencies for the Bank and effectively allows the banking branches to focus on sales and service.

During the year a new unified communications system was introduced throughout the Group which saw the integration of land lines, mobile phones, fax and email systems. The result was cost savings in communication, environmentally friendly electronic faxes, and greater levels of efficiency with landline voice messages and faxes being directed to email and received via mobile device.

A new credit card and merchant settlement solution was undertaken in 2010 and will be fully implemented within the first half of 2011; this will provide a more efficient back office system for the card services unit enabling staff to devote more time to service delivery to merchants.

The introduction of a new payroll system commenced in the last quarter of 2010 however timelines were interrupted with the passage of Hurricane Tomas and is now expected to be completed in 2011.

On the insurance side EC Global Insurance Company Limited commenced an initiative of a new convenience centre in Rodney Bay to provide a more convenient service to its customers in the hub of the commercial activity in the north. The new office opened in January 2011.

Construction commenced on the new ECFH building in Gros Islet. When completed towards the end of 2011 the premises will house Bank of Saint Lucia International (BOSLIL), and the Wealth & Asset Management division of Bank of Saint Lucia, as well as provide rental opportunities for external entities.

To greatly improve its service to the customers of Soufriere the Group, through its property development subsidiary, acquired a newly constructed building on the Soufriere Waterfront for the branch's relocation. The new branch is expected to be ready during the second half of 2011.

Human Resources

The Group continues to invest significant resources in its staff. The year began with a coming together of all staff in a massive Staff Rally at the Beausejour Indoor facility. The theme of the Rally, '*Ready, Set, Go!*' was designed to motivate staff to achieve both the Group's business goals as well as personal goals. It was the first of its kind for ECFH. With record attendance by staff at all levels it was a resounding success.

In an effort to ensure the Group would be well positioned to take advantages of the opportunities anticipated following economic recovery the Group maintained its staffing level and continued to invest in its staff by conducting several new training programmes with emphasis on building leadership and supervisory skills.

Negotiations with the National Workers Union began in September 2010 for the period May 1st 2010 to April 30th 2013. Among the key agenda items for these negotiations was the conduct of a comprehensive job evaluation and reclassification exercise based on industry specific surveys. It is expected that as a result of this exercise the Group will implement a new compensation structure which would incorporate a pay for performance scheme in 2011. Negotiations were successfully completed in 2011.

Focus for 2011

Excellence in customer service and quality customer relations will remain critical initiatives for the Group. Our customer service improvement management system was re-launched in March 2010. Additional customer service programmes are planned for 2011.

The focus on the region and Latin America would remain. ECFH Global Investment Solutions Limited and the Bank of Saint Lucia Wealth and Asset Management Division are expected to

execute their regional strategy in an effort to meet investment and brokerage demands of businesses and individuals. The Bank of Saint Lucia International will continue strategic expansion plans into Latin America.

The Bank of St Vincent and the Grenadines Limited brand was officially launched in May 2011 as the Group seeks to reposition the new entity and expand its customer base.

- (c) Describe in detail what business the company does and proposes to do, including what products or goods are or will be produced or services that are or will be rendered.

ECFH boasts a variety of financial products and related services offered across its many subsidiaries.

The Group's main subsidiaries Bank of Saint Lucia Limited and its Mortgage Company offer a full range of domestic banking products and services. The Bank expanded its range of investment products by introducing a new suite of Certificate of Deposit products, providing customers with greater choice and flexibility.

Other strategic initiatives for domestic banking include a new line of financing for small and medium enterprises and the introduction of an Agri-Business Services Unit.

The Property Holding & Development Company manages the real estate assets of the Group while Bank of Saint Lucia International, the Group's offshore arm, offers a limited number of private banking services to non-residents of Saint Lucia.

EC Global Insurance Company Limited, another subsidiary which commenced operations in September 2004, provides general insurance services. After four years of operation, the company continues to grow market share in an intensely competitive insurance market. In 2008, EC Global achieved its first profitable year of operations.

Following on the success of the first year of operations, the new ECFH Global Investment Solutions Limited plans to expand into the wider Caribbean region through its lines of business of capital market services, merchant banking and financial product development.

- (d) Describe how these products or services are to be produced or rendered and how and when the company intends to carry out its activities. If the company plans to offer a new product(s), state the present stage of development, including whether or not a working prototype(s) is in existence. Indicate if completion of development of the product would require a material amount of the resources of the company, and the estimated amount.

The Group's domestic banking services are offered through Bank of Saint Lucia Limited and Bank of St. Vincent and the Grenadines Ltd. using a network of a number of branches, bureau de change and over twenty conveniently located cash dispenser /ATMs including island wide in St. Lucia and St. Vincent. In October 2009 the Bank introduced a new wireless point-of-sale service and in first quarter of 2010 launched the new Mobile Banking service.

In the insurance business, EC Global launched its new Condo policy, a master policy for condominium and villa owners.

In international banking, BOSLIL strengthened its services with the introduction of new business development resources to cover Europe and Latin America.

- Describe specifically the marketing strategies the company is employing or will employ in penetrating its market or in developing a new market. Indicate how and by whom, its product or services are or will be marketed (such as advertising, personal contact by sales representative, etc.), how its marketing structure operates or will operate and the basis of its marketing approach including any marketing studies.

ECFH is a dominant player in the financial services sector and is poised to expand regionally. Our marketing strategies are based on meeting the needs of existing and future clients. The focus of the marketing effort continues to be on target marketing.

Branding and promotion are a critical component of the overall marketing effort. On the domestic side, electronic advertising (both radio and television) is on-going, promoting both the general services offered by the Bank and specific products.

A structure of sales teams headed by Business Development Officers is in place domestically, whilst the regional marketing effort is spearheaded by the ECFH Global Investment Solutions and the Bank of Saint Lucia's Wealth and Asset Management division.

Given the diversity of the Group, cross promotional and selling opportunities between subsidiaries continues to be encouraged.

- Describe generally the principal properties (such as real estate, plant and equipment, patents, etc.) that the company owns, indicating also what properties it leases and a summary of the terms under those leases, including the amount of payments, expiration dates and the terms of any renewal options. Indicate what properties the company intends to acquire in the immediate future, the cost of such acquisitions and the sources of financing it expects to use in obtaining these properties, whether by purchase, lease or otherwise.

The Company does not own any real estate in its name. The real estate of the group are owned and managed by a subsidiary – Property Holding and Development Company of Saint Lucia Limited.

- Description of the industry in which the company sells its products or services. (Where applicable, include any recognised trends within that industry. Describe that part of the industry and the territory in which the business competes).

The industry in which the Group's main subsidiary (Bank of Saint Lucia Limited) and the insurance company EC Global operates is fiercely competitive as it offers similar products and services to its competitors. More importantly, both insurance companies and non-bank financial institutions are now starting to encroach on markets that were strictly the domain of financial institutions.

- Indicate current and future forms of competition, (whether by price, service or otherwise). Name the company's main actual and/or potential competitors. Indicate the relative size, financial and market strengths of the company's competitors and/or its anticipated competitors. State bases on which the company can effectively compete with these and other companies within the industry.

The current form of competition is in the area of service, interest rates on loans and deposits and products. The Group's main competitors are the larger local, regional and international banks, financial institutions and insurance companies.

- Indicate the extent to which the company's operations have depended or are expected to depend upon patents, copyrights, trade secrets, know-how or other proprietary information. Describe the steps taken to secure and protect the company's intellectual property. (Include use of confidentiality agreements, covenants-not-to-compete and the like).

The company's operations have not depended on patents or copyrights. While special products and services are developed they are easily replicated by the competition and it is difficult to maintain control in this regard.

The areas of Information Technology and Business Strategies are safely guarded to maintain competitive advantage and Business continuity in the event of a disaster.

- State whether the company's business, products or properties have been subject to material regulation (including environmental regulation). Indicate the nature and

extent of regulation and its effect or potential effects upon the company and its operations.

Some aspects of the company's business are subject to the regulation of the Eastern Caribbean Central Bank, the Eastern Caribbean Securities Regulatory Commission, the Insurance Supervision Unit and the Financial Services Supervision Unit of the Ministry of Finance.

- State names of the company's subsidiaries. Outline their business purposes. Give names of primary owners. (Indicate whether this information is included in the Financial Statements attached hereto).
 - (1) Bank of Saint Lucia Limited – 100% owned, offers commercial, development and Investment banking services.

- (h) any capital expenditure in excess of ten percent (10%) of the book value of the assets of the Company;
- (i) the entering into of any agreement which has a term exceeding five (5) years or which is out of the ordinary course of business;
- (j) providing any financial assistance to any shareholder or Director of the Company out of the ordinary course of business.

For greater certainty, the foregoing matters may not be passed by any sub-committee of the Board of Directors.

Tenure: Unless his tenure is sooner determined, a director shall hold office from the date from which he is elected or appointed until the close of the third annual meeting of the shareholders next following but he shall be eligible for re-election if qualified.

A director who is also an officer shall continue to be a director until he ceases to be an officer.

A director shall cease to be a director-

- if he becomes bankrupt or compounds with his creditors or is declared insolvent;
- if he is found to be of unsound mind; or
- if by notice in writing to the Company he resigns his office and any such resignation shall be effective at the time it is sent to the Company or at the time specified in the notice, whichever is later.

The shareholders of the Company may, by ordinary resolution passed at a special meeting of the shareholders, remove any director from office and a vacancy created by the removal of a director may be filled at the meeting of the shareholders at which the director is removed.

Committee of Directors: The director may appoint from among their number a committee of directors and subject to section 82(2) of the Act may delegate to such committee any of the powers of the directors.

• **BORROWING POWERS OF DIRECTORS**

The directors may from time to time –

- borrow money upon the credit of the Company;
- issue, re-issue, sell or pledge debentures of the Company;
- subject to section 53 of the Act, give a guarantee on behalf of the Company to secure performance of an obligation of any person; and
- mortgage, charge, pledge or otherwise create a security interest in all or any property of the Company, owned or subsequently acquired, to secure any obligation of the Company.

The directors may from time to time by resolution delegate to any officer of the Company all or any of the powers conferred on the directors by paragraph 5.1 hereof to the full extent thereof or such lesser extent as the directors may in any such resolution provide.

The powers conferred by paragraph 5.1 hereof shall be in supplement of and not in substitution for any powers to borrow money for the purposes of the Company possessed by its directors or officers independently of a borrowing by-law.

6. MEETINGS OF DIRECTORS

Place of Meeting: Meetings of the directors and of any committee of the directors may be held within or outside Saint Lucia.

Notice: A meeting of the directors may be convened at any time by any director or the Secretary, when directed or authorised by any director. Subject to section 79(1) of the Act the notice of any such meeting need not specify the purpose of or the business to be transacted at the meeting. Notice of any such meeting shall be served in the manner specified in paragraph 18.1 hereof not less than two days (exclusive of the day on which the notice is delivered or sent but inclusive of the day for which notice is given) before the meeting is to take place. A director may in any manner waive notice of a meeting of the directors and attendance of a director at a meeting of the directors shall constitute a waiver of notice of the meeting except where a director attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called.

It shall not be necessary to give notice of a meeting of the directors of a newly elected or appointed director for a meeting held immediately following the election of directors by the shareholders or the appointment to fill a vacancy among the directors.

Quorum: Seven (7) directors shall form a quorum for the transaction of business and, notwithstanding any vacancy among the directors, a quorum may exercise all the powers of the directors. No business shall be transacted at a meeting of directors unless a quorum is present.

A director may, if all the directors consent, participate in a meeting of directors or any committee of the directors by means of such telephone or other communications facilities as permit all persons participating in the meeting to hear each other and a director participating in such a meeting by such means is deemed to be present at the meeting.

Voting: Questions arising at any meeting of the directors shall be decided by a majority of votes. In case of an equality of votes the chairman of the meeting in addition to his original vote shall have a second or casting vote.

Resolution in lieu of meeting: Notwithstanding any of the foregoing provisions of this by-law a resolution in writing signed by all the directors entitled to vote on that resolution at a meeting of the directors or any committee of the directors is as valid as if it had been passed at a meeting of the directors or any committee of the directors.

7. REMUNERATION OF DIRECTORS

The remuneration to be paid to the directors shall be such as the directors may from time to time determine and such remuneration may be in addition to the salary paid to any officer or

employee of the Company who is also a director. The directors may also award special remuneration to any director undertaking any special services on the Company's behalf other than the routine work ordinarily required of a director and the confirmation of any such resolution or resolutions by the shareholders shall not be required. The directors shall also be entitled to be paid their travelling and other expenses properly incurred by them in connection with the affairs of the Company.

8. SUBMISSION OF CONTRACTS OR TRANSACTIONS TO SHAREHOLDERS FOR APPROVAL

The directors in their discretion may submit any contract, act or transaction for approval or ratification at any annual meeting of the Shareholders or at any special meeting of the shareholders called for the purpose of considering the same and, subject to the provisions of section 91 of the Act, any such contract, act or transaction that is approved or ratified or confirmed by a resolution passed by a majority of the votes cast at any such meeting (unless any different or additional requirement is imposed by the Act or by the Company's Articles by the Insurance Act or any other by-law) shall be valid and as binding upon the Company and upon all the shareholders as though it had been approved, ratified or confirmed by every shareholder of the Company.

9. FOR THE PROTECTION OF DIRECTORS AND OFFICERS

No director of the Company shall be liable to the Company for –

- the acts, receipts, neglects or defaults of any other director or officer or employee or for joining in any receipt or act for conformity;
- any loss, damage or expense incurred by the Company through the insufficiency or deficiency of title to any property acquired by the Company or for or on behalf of the Company;
- the insufficiency or deficiency of any security in or upon which any of the moneys of or belonging to the Company shall be placed out or invested;
- any loss or damage arising from the bankruptcy, insolvency or tortious act of any person, including any person with whom any moneys, securities or effects shall be lodged or deposited;
- any loss, conversion, misapplication or misappropriation of or any damage resulting from any dealings with any moneys, securities or other assets belonging to the Company;
- any other loss, damage or misfortune whatever which may happen in the execution of the duties of his respective office or trusts or in relation thereto;

unless the same happens by or through his failure to exercise the powers and to discharge the duties of his office honestly and in good faith with a view to the best interests of the Company and in connection therewith to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Nothing herein contained shall relieve a director or officer from the duty to act in accordance with the Act or Regulations made thereunder or relieve him from liability for a breach thereof.

The directors for the time being of the Company shall not be under any duty or responsibility in respect of any contract, act or transaction whether or not made, done or entered into in the name or on behalf of the Company, except such as are submitted to and authorised or approved by the directors.

If any director or officer of the Company is employed by or performs services for the Company otherwise than as a director or officer or is a member of a firm or a shareholder, director or officer of a body corporate which is employed by or performs services for the Company, the fact of his being a shareholder, director or officer of the Company shall not disentitle such director or officer or such firm or body corporate, as the case may be, from receiving proper remuneration for such services.

PART XI

SUBSTANTIAL STOCKHOLDERS

- (a) Principal owners of the company (those who beneficially own more than 5% of the common and preferred stock presently outstanding whether directly or indirectly) starting with the largest common stockholder. Indicate by endnote any transaction where the consideration was not cash. State the nature of any such consideration.

SUBMISSION OF MATTERS TO A VOTE OF SHAREHOLDERS

If any matter was submitted during the past year (or is likely to be put forward in the next six months) to a vote of shareholders, through the solicitation of proxies or otherwise, furnish the following information:

- The date of the meeting and whether it was an annual or special meeting.

The Annual Meeting of Shareholders was held on June 02, 2010 for the purposes as required by law.

- If the meeting involved the election of directors, the name of each director elected at the meeting and the name of each director whose term of office as a director continued after the meeting.

The meeting involved the election of Directors. Directors Emma Hippolyte, Henry Mangal and Hildreth Alexander were re-elected in a single motion for a further term of three years.

PART XII
LITIGATION

- Describe any past, pending or threatened litigation or administrative action which has had or may have a material effect upon the company's business, financial condition, or operations, including any litigation or action involving the company's Officers, Directors or other key personnel. State the names of the principal parties, the nature and current status of the matters, and amounts involved. Give an evaluation by management or counsel, to the extent feasible, of the merits of the proceedings or litigation and the potential impact on the company's business, financial condition, or operations.

There was no litigation or administrative action which had a material effect on the company.

PART XIII

MISCELLANEOUS FACTORS

- Describe any other material factors, either adverse or favourable, that will or could affect the company or its business (for example, outline any defaults under major contracts, any breach of by-law provisions, etc.). Include any details which are necessary to clarify any potentially misleading or incomplete information in this Registration Statement.

Expected reduced economic growth as well as limited market size make it critically important that overall competitiveness be at the very least maintained. The company must position itself to capitalize on opportunities and use its position of strength to expand market share during this period of uncertainty, while ensuring efficiency and reducing operational risk.

The effects of the Global economic crisis on the local economy and the customers of the Banking subsidiaries of the Group may have an adverse effect on their performance if it is not monitored and managed closely. As a result there is great emphasis being placed on loan portfolio reviews and working with customers to ensure that their accounts are maintained in accordance with the Banking standards.

PART XIV

FINANCIAL STATEMENTS

- Attach Auditor's Report. Attach current audited financial statements, audited financial statements for the last three financial years and the most recent unaudited financial statement if next audited statement is due in less than six months; or the most recent unaudited quarterly statement if the next audited statement is due in more than six months, or pro-forma financial statements, whichever is applicable. If the company has acquired another business since the beginning of the last financial year the assets or net income of which were in excess of 20% of those for the company, show pro-forma combined financial statements as if the acquisition had occurred at the beginning of the company's last financial year.

The Auditors Report is attached.

PART XV

MANAGEMENT'S DISCUSSION AND ANALYSIS OF CERTAIN RELEVANT FACTORS

- If the company's financial statements show losses from operations, explain the causes underlying these losses and what steps the company has taken or is taking to address these causes.

No losses from operations were recorded by the company.

- Describe any trends in the company's historical operating results. Indicate any changes now occurring in the underlying economics of the industry or the company's business, which, in the opinion of Management, will have a significant impact (either favourable or adverse) upon the company's results of operations within the next 12 months. Give a rough estimate of the probable extent of the impact, if possible.

Overview

Despite the challenging economic environment which impacted the Group generally and particularly the Bank of Saint Lucia Limited, in 2010 the Group achieved reasonable success in its strategy of regional expansion and diversification of its financial services markets.

The Group's investment strategy remains unchanged, ensuring that undue risk is not taken in an effort to enhance yield. Costs are controlled so that the impact of reduced income growth is not compounded by increased costs. At this time careful investment for the future, in line with a well thought-out strategy will be very beneficial in the long run, leaving the Group in a strong position to benefit from economic recovery.

Results of Operations

The Group's pre-tax profit for the financial year ending December 2010 declined by 83.8%. This must, however, be assessed in the context of the current environment which was once again characterized by uncertainty. The decline in profitability was mainly affected by additional provisions for loan loss.

Interest income from loans exceeded the previous year by 5.1% in spite of the falling demand for loans generally, especially amongst corporate entities as the appetite for new business investment remained low. Interest income from investments increased by 15.8%, as a result of increased interest rates locally and internationally and with an increased investment portfolio. Total income grew by 7.7%, and expenses increased mainly due to the requirement to increase provisioning for loan losses by \$26.7M from the previous year. Staff and administrative expenses continued to be tightly controlled, however these increased by 12% over 2009 due in part to the introduction of the expenses of the new subsidiary Bank of St. Vincent & the Grenadines.

**PART XVI
SIGNATURES**

A Director, the Chief Executive and Financial Officers of the company shall sign this Registration Statement on behalf of the company. By so doing each certifies that he has made diligent efforts to verify the material accuracy and completeness of the information herein contained. By submitting this Registration Statement to the ECSRC, each Director, the Chief Executive Officer and the Chief Financial Officer of the company agree to make himself available to each investor prior to the time of investment, and to respond to questions and otherwise confirm the information contained herein. The Directors, the Chief Executive Officer and the Chief Financial Officer hereby undertake to make the company's books and records, copies of any contract, lease or other document referred to in the Registration Statement, or any other material contract or lease (including stock options and employee benefit plans), except any proprietary or confidential portions thereof, and a set of the exhibits to this Registration Statement, available to each investor, prior to the making of any investment by such investor.

The Chief Financial Officer by signing this form is hereby certifying that the financial statements submitted fairly state the company's financial position and results of operations, or receipts and disbursements, as of the dates and period(s) indicated. The Chief Financial Officer further certifies that all financial statements submitted herewith are prepared in accordance with International Accounting Standards consistently applied (except as stated in the notes thereto) and (with respect to year-end figures) including all adjustments necessary for fair presentation under the circumstances.
