Eastern Caribbean Home Mortgage Bank

Notes to the Unaudited Financial Statements

As at 30 June 2013

(expressed in Eastern Caribbean dollars)

1.0 Identification and Principal Activity

The Governments of Anguilla, Antigua and Barbuda, The Commonwealth of Dominica, Grenada, Montserrat, St. Kitts-Nevis, St. Lucia and St. Vincent and the Grenadines signed an agreement on 27 May 1994, to establish the Eastern Caribbean Home Mortgage Bank (hereinafter referred to as the "the Bank").

The Eastern Caribbean Home Mortgage Bank was formally established on 19 August 1994, in accordance with Article 40 of the Eastern Caribbean Home Mortgage Bank Agreement, which was incorporated in the Eastern Caribbean Home Mortgage Bank Agreement Act, and subsequently passed in the member territories. The primary office of the Bank is located at Bird Rock, Basseterre, St. Kitts and Nevis.

The principal activity of the Bank is to buy and sell mortgage loans on residential properties, in order to develop and maintain a secondary market in mortgages.

2.0 Basis of preparation

The condensed interim financial statements for the three months ended 30 June 2012 have been prepared in accordance with IAS 34, 'Interim financial reporting'. The condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended 31 March 2013, which have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Boards (IASB).

There have been no changes in accounting policies since the most recent audited accounts as at 31 March 2013. Any new Accounting Standards of interpretations which became effective in this financial year have had no material impact on the Bank.

Management Discussion and Analysis

As at 30 June 2013

(expressed in Eastern Caribbean dollars)

3. Management's Discussion and Analysis of Financial Condition and Results of Operations

Discuss reporting issuer's financial condition, changes in financial condition and results of operations during the reporting period. Discussion of material changes should be from the end of the preceding financial year to the date of the most recent interim quarterly report. The broad areas of discussions should centre around liquidity, capital resources and results of operations. Discussions of liquidity and capital resources may be combined whenever the two topics are interrelated.

(a) **Liquidity**

Identify any known trends or commitments, demands, events that will result in or that are reasonably likely to result in the reporting issuer's liquidity increasing or decreasing in any material way. If a deficiency is identified, indicate the course of action that the reporting issuer has taken or proposes to take to remedy the deficiency.

There are no major trends, commitment, demands or events that will materially affect the liquidity situation of ECHMB.

(b) **Capital Resources**

Describe the reporting issuer's material commitments for capital expenditures as of the end of the latest fiscal period, and indicate the general purposes of such commitments and the anticipated source of funds needed to fulfil such commitments. Describe any material trends, favourable or unfavourable in the reporting issuer's capital resources and any expected change in mix. The discussion should consider changes between equity, debt and any off-balance sheet financing arrangements.

Section III (Sub-Section (c) of ECHMB's Policy Statement governs the Bank's investment in capital expenditure, and under which the Bank is mandated to comply with the following: "the Company will limit its investments to residential mortgages. The Company will invest in real estate for its account only in the case of premises for its business operations and property acquired as a default and foreclosure on the mortgage loans. In accordance with prescribed legal procedures,

property acquired through default will be sold, as soon as practicable after acquisition.”

An assumption is made, that the term “material commitment” refers to capital expenditure in excess of 1% of the Bank’s Total Assets, which totaled \$330.28m at the end of June 30, 2013. The Board of Directors did not approve capital expenditure in excess of \$3.3 million during the period of this review.

(c) **Results of Operation.**

Describe any unusual or infrequent events or transactions or any significant economic changes that materially affected the amount of reported income from continuing operations and in each case indicate the extent the income was so affected. Describe any known trends or uncertainties that have had or that the reporting issuer reasonably expects will have a material favourable or unfavourable impact on net sales or revenues or income from continuing operations. If the reporting issuer knows of events that will cause a material change in the relationship between costs and revenues (such as price increases, costs of labour or materials), the changes in relationship should be disclosed.

No events which meet the criteria stated above occurred during the period of this review.

4. **Disclosure of Risk Factors.**

Provide a discussion of the risk factors that may have an impact on the results from operations or on the financial conditions. Avoid generalised statements and only include factors that are unique to the company. Typical risk factors include untested products, cash flow and liquidity problems, dependence on a key supplier or customer, management inexperience, nature of business, absence of a trading market (specific to the securities of the reporting issuer), etc. Indicate if any risk factors have increased or decreased in the time interval between the previous and current filing.

No events which meet the criteria stated above occurred during the period under review.

5. **Legal Proceedings.**

A legal proceeding need only be reported in the ECSRC - Q filed for the quarter in which it first became a reportable event and in subsequent quarterly reports in which there have been material developments. Subsequent Form ECSRC - Q

filings in the same financial year in which a legal proceeding or a material development is reported should reference any previous reports in that year. Where proceedings have been terminated during the period covered by the report, provide similar information, including the date of termination and a description of the disposition thereof with respect to the reporting issuer and its subsidiaries.

There are no pending legal matters.

Indicate the nature of the default. In the case of default in the

payment of principal, interest, or a sinking or purchase fund instalment, state the amount of the default and the total arrears on the date of filing this report.

- (b) If any material arrears in the payment of dividends has occurred or if there has been any other material delinquency not satisfied within 30 days, give the title of the class and state the amount and nature of the arrears or delinquency.

No additional information to report on.
