CHAIRMAN'S REVIEW

Net income for the three months ended January 31, 2012 totaled \$21.1 million, a reduction of \$6.8 million versus the same period in the prior year. The lagging economic recovery worldwide continues to affect business activity and consumer demand resulting in lackluster growth.

Total revenue year on year has increased by \$11.6 million. Net interest income was up \$6.0 million driven by reductions in funding costs and interest expenses related to hedging derivatives. Other income was also up \$5.7 million due to the acquisitions in September 2011 of CIBC Bank and Trust Company (Cayman) Limited and CIBC Trust Company (Bahamas) Limited.

Operating expenses were marginally up by \$2.4 million driven by our recent acquisitions which contributed \$4.6 million to expenses, partially offset by a strong focus on controllable expenses given the current climate. This has resulted in operating expenses remaining stable versus the prior year, despite contractual increases. Loan loss impairment expenses increased by \$20.1 million due in part to increases in non-performing loans, but also declines in collateral (real estate) values. Taxation expense was down \$4.1 million as a result of lower income in taxable jurisdictions.

The Bank's Tier I and Tier I & II capital ratios remain strong at 21% and 22% respectively which enable the Bank to pursue opportunities as they may arise.

I wish to thank all our customers, staff and Directors for their loyalty and contribution to our business.

Michael K. Mansoor
