INFORMATION TO BE INCLUDED IN THE REPORT

1. Financial Statements

Provide quarterly Financial Statements in accordance with International Accounting Standards. The format of the financial statements should be similar to those provided with the registration statement. Include the following:

- (a) (Condensed Balance Sheet as of the end of the most recent financial year and just concluded quarter.
- (b) Condensed Statement of Income for the interim three, six and nine months of the current financial year and corresponding period in the previous financial year.
- (c) Condensed Statement of Cash Flows for the interim three, six and nine months of the current financial year and the corresponding period in the previous financial year.
- (d) Examples of financial data items to be included in constructing financial statements for various types of businesses are provided in Parts A-D. These items are meant to serve as guidelines only.
- (e) By way of *Notes to Condensed Financial Statements*, provide explanation of items in the financial statements and indicate any deviations from generally accepted accounting practices.

2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Discuss reporting issuer's financial condition, changes in financial condition and results of operations during the reporting period. Discussion of material changes should be from the end of the preceding financial year to the date of the most recent interim quarterly report. The broad areas of discussions should centre around liquidity, capital resources and results of operations. Discussions of liquidity and capital resources may be combined whenever the two topics are interrelated.

Based on the June 2014 Economic and Financial Review published by the Eastern Caribbean Central Bank, the economy of St Kitts and Nevis expanded in the first half of 2014 relative to the same period in 2013. The performance of the construction sector continued to improve as a result of public sector investments in road infrastructure such as renovations to the Dr Kennedy Simmonds Highway and the development of high-end luxury villas and condominiums as a result of the Citizenship By Investment (CBI) programme. The importation of building materials increased by 34.1%. The tourism industry is expected to benefit from the recent opening of the Jet Port Facility and the soft

opening of the Kittitian Hill Resort, 90 rooms. The level of economic activity is expected to continue to expand in the second half of 2014, led by developments in construction, wholesale and retail trade. The report mentioned that the downside risks to the economic forecast would stem from policy changes to the CBI programme as a result of continued international reviews. Adverse publicity for the CBI programme and intensified competition from other jurisdictions would adversely affect government revenue, the pace at which the public debt is reduced and the rate of economic growth.

TDC Group of Companies - The draft unaudited results for the first half of the financial year profit before tax reflect profit before tax of \$4,201,831 compared to \$8,141,831 at the end of the last financial year, 1 February 2013 to 31 January 2014. The actual results were below the budgeted results for the first half of the current financial year.

The General Merchants and Shipping segments in St Kitts continue to perform creditably. The duty-free concessions offered to first time homeowners and the availability of funds from the various SIDF lending programmes to individuals and businesses, particularly for mortgages, and the CBI programme continue to positively impact the sales of the Trading Departments in St Kitts. The General Merchants and Shipping segments in Nevis reported results below those of St Kitts as a result of a decline in construction activity on the island.

The insurance and finance businesses continue to produce favourable results. 72% of the profit before tax was generated by these sectors.

The results for TDC Airline Services Ltd, TDC Airline Services Nevis Ltd, TDC Tours Ltd, TDC Rentals and TDC Rentals Nevis Ltd exceeded the budgeted results for the half of the financial year.

Four villas are under construction at Sunrise Hills Villa Development, Frigate Bay. Two of these villas will be completed by the end of October 2014 and the other 2 the end of December 2014 and will be brought into revenue upon completion.

In 2013 the company secured US \$5 million from the SIDF for the refurbishment of upgrade of OTI. The hotel was closed in May 2014 to facilitate the upgrade and the hotel will re-open in February 2015 with 34 rooms.

The Cash and Short-term Investments totaled \$23,516,715 at 31 July 2014 compared to \$18,475,056 at 31 January 2014.

Net cash flows from operating activities were \$4,201,831 for the first half of the financial year 1 February 2014 to 31 July 2014. Net Cash flows from financing activities were \$3,042,025.

The total bank debts stood at \$68,099,478 at the end of the first quarter compared to \$65,104,328 at 31 January 2014. Bank debt as a percentage of equity and bank debt was 36.6% compared to 35.4% at end of financial year 31 January, 2014.

Property, plant and equipment is \$135,910,769 at 31 July 2014 compared to \$134,001,075 at 31 January 2014.

(a) **Liquidity**

Identify any known trends or commitments, demands, events that will result in or that are reasonably likely to result in the reporting issuer's liquidity increasing or decreasing in any material way. If a deficiency is identified, indicate the course of action that the reporting issuer has taken or proposes to take to remedy the deficiency.

We are not aware of any commitments, demands or events that will result in or are likely to result in any material increase or decrease in liquidity.

(b) **Capital Resources**

Describe the reporting issuer's material commitments for capital expenditures as of the end of the latest fiscal period, and indicate the general purposes of such commitments and the anticipated source of funds needed to fulfil such commitments. Describe any material trends, favourable or unfavourable in the reporting issuer's capital resources and any expected change in mix. The discussion should consider changes between equity, debt and any off-balance sheet financing arrangements.

In April 2014 the company borrowed \$5 million from the SKNA National Bank to finance various capital projects such as the purchase of Photo Voltaic systems.

(c) **Results of Operation.**

Describe any unusual or infrequent events or transactions or any significant economic changes that materially affected the amount of reported income from continuing operations and in each case indicate the extent the income was so affected. Describe any known trends or uncertainties that have had or that the reporting issuer reasonably expects will have a material favourable or unfavourable impact on net sales or revenues or income from continuing operations. If the reporting issuer knows of events that will cause a material change in the relationship between costs and revenues (such as price increases, costs of labour or materials), the changes in relationship should be disclosed.

The overall improvement in the economy has favourably impacted the company's results. The Construction sector continues to rebound and this has significantly impacted the general merchants and finance segments. Tourism operates as the prime product for the local economy, hence providing favourable opportunities for the airline and rental divisions to generate satisfactory income.

3. **Disclosure of Risk Factors.**

Provide a discussion of the risk factors that may have an impact on the results from operations or on the financial conditions. Avoid generalised statements and only include factors that are unique to the company. Typical risk factors include untested products, cash flow and liquidity problems, dependence on a key supplier or customer, management inexperience, nature of business, absence of a trading market (specific to the securities of the reporting issuer), etc.

Indicate if any risk factors have increased or decreased in the time interval between the previous and current filing.

We have not observed any risks unique to the company that may have a dramatic impact on its results of operations or financial condition.

4. Legal Proceedings.

A legal proceeding need only be reported in the ECSRC - Q filed for the quarter in which it first became a reportable event and in subsequent quarterly reports in which there have been material developments. Subsequent Form ECSRC - Q filings in the same financial year in which a legal proceeding or a material development is reported should reference any previous reports in that year. Where proceedings have been terminated during the period covered by the report, provide similar information, including the date of termination and a description of the disposition thereof with respect to the reporting issuer and its subsidiaries.

There were no legal proceedings that had a material effect on the Company.

5. Changes in Securities and Use of Proceeds.

(a) Where the rights of the holders of any class of registered securities have been materially modified, give the title of the class of securities involved. State briefly the general effect of such modification upon the rights of holders of such securities.

(b) Where the use of proceeds of a security issue is different from that which is stated in the registration statement, provide the following:

- Offer opening date (provide explanation if different from date disclosed in the registration statement)
- Offer closing date (provide explanation if different from date disclosed in the registration statement)
- Name and address of underwriter(s)
- Amount of expenses incurred in connection with the offer
- Net proceeds of the issue and a schedule of its use
- Payments to associated persons and the purpose for such payments

(b) Report any working capital restrictions and other limitations upon the payment of dividends.

There were no changes in securities or use of proceeds that occurred in this period.

6. Defaults Upon Senior Securities.

- (a) If there has been any material default in the payment of principal, interest, a sinking or purchase fund instalment, or any other material default not satisfied within 30 days, with respect to any indebtedness of the reporting issuer or any of its significant subsidiaries exceeding 5 percent of the total assets of the reporting issuer and its consolidated subsidiaries, identify the indebtedness. Indicate the nature of the default. In the case of default in the payment of principal, interest, or a sinking or purchase fund instalment, state the amount of the default and the total arrears on the date of filing this report.

- (b) If any material arrears in the payment of dividends have occurred or if there has been any other material delinquency not satisfied within 30 days, give the title of the class and state the amount and nature of the arrears or delinquency.

There was no default in the payment of any security in the period.

Submission of Matters to a Vote of Security Holders.

If any matter was submitted during the period covered by this report to a vote of security holders, through the solicitation of proxies or otherwise, furnish the following information:

- (a) The date of the meeting and whether it was an annual or special meeting.
N/A

- (b) If the meeting involved the election of directors, the name of each director elected at the meeting and the name of each other director whose term of office as a director continued after the meeting.
N/A

- (c) A brief description of each other matter voted upon at the meeting and state the number of votes cast for or against as well as the number of abstentions as to each such matter, including a separate tabulation with respect to each nominee for office.
N/A

- (d) A description of the terms of any settlement between the registrant and any other participant.
N/A

- (e) Relevant details of any matter where decision was taken otherwise than at a meeting of such security holders.
N/A

7. Other Information.

The reporting issuer may, at its option, report under this item any information, not previously reported in a Form ECSRC - MC report (related to disclosure of material information), with respect to which information is not otherwise called for by this form. If disclosure of such information is made under this item, it need not be repeated in a Form ECSRC - MC report which would otherwise be required to be filed with respect to such information or in a subsequent Form ECSRC - Q report.

Part A

Relevant Financial Data Items for Commercial and Industrial Companies

Item Descriptions

- Cash and Cash Items
- Marketable securities
- Notes and Accounts Receivables-Trade
- Allowances for doubtful accounts
- Inventory
- Total Current Assets
- Intangible Assets
- Property Plant and Equipment
