Directors' Report 2010/2011

TDC Group of Companies performed creditably, despite the exceptionally challenging prevailing circumstances, as turnover grew by over \$6 million or 4%. However, there was only a marginal increase of \$607,000 in Gross Profit and a reduction in the Gross Profit to Turnover ratio. The contribution from the associated companies fell by 28% from last year. **Net Income Before Taxation**, totalled **\$11,742,156** compared to **\$11,132,852** last year.

The Board recommends a final dividend of 3.25 cents per share, following the interim dividend of 2.75 cents per share that was paid in January, 2011. If the shareholders approve, the total dividend for the year will be 6.00 cents per share, with a total payout for dividend of **\$3,120,000.00**, which is the same as last year.

PERFORMANCE REVIEW

GENERAL TRADING

The Home and Building Depot St Kitts must be commended for another solid performance. However, the performances of the other retail departments, which include **Home and Building Depot Nevis, Automotive Divisions, Drinks Depot, City Drug Store (2005) Limited and Business Equipment** fell well below expectation. These departments were affected by the continuing weaknesses in the construction and tourism sectors and the economy in general.

SERVICES

The results of the **Shipping Agencies** were again negatively impacted by the low volume of imported cargo handled at our ports. Both agencies performed well below management's expectations. **TDC Rentals Ltd** and **TDC Rentals**

(Nevis) Ltd produced reduced profits for the year for both lines of their businesses. The operations on Nevis were more acutely affected with a drop in profit of 29%.

FINANCE AND INSURANCE

St Kitts Nevis Finance Company Ltd (FINCO) reported slightly improved results for the year. While the growth in the loan portfolio was marginal, the company benefitted from recoveries of loan loss provisions made previously. During the year the company embarked on an initiative to acquire long term funds to assist with the financing of mortgages. Preliminary indications have given reason to be optimistic about the approval of our financing proposal.

St Kitts Nevis Insurance Company Ltd (SNIC) again contributed significantly to the company's overall performance. Motor claims increased by 17% over last year but there were no significant claims in the other insurance classes. The combination of prudent underwriting and effective claims management is clearly a successful formula and is actively encouraged within the company. The life insurance sales force has been expanded and it is anticipated that this will redound to the benefit of Sagicor Life Inc and the company in the medium to long term.

TOURISM

There was little improvement in the state of the land based / stay over segment of the local tourism industry during the year. However, **Ocean Terrace Inn Ltd (OTI)** was able to reduce its losses by 15% mainly through the reduction of operating expenses. Significant investment will be required to maintain and upgrade the hotel

Directors' Report 2010/2011 Cont'd

plant if the company is to continue to attract and satisfy guests. This and other options are under very serious consideration by your Directors and management as we deliberate on the future of this perennial loss maker.

TDC Airline Services Ltd. made a small loss for the year under review despite the addition of another weekly flight by British Airways. General weakness in the corporate aircraft sector, the loss of some business to a competitor and the severing of our relationship with United Parcel Service (UPS) resulted in the significant reduction of revenues.

The aircraft handling division of **TDC Airline Services (Nevis) Ltd.** improved its performance marginally while the travel division experienced significant declines in its business. Towards the end of the financial year, one of our principals, American Eagle resumed its service into Nevis with the re-opening of the Four Seasons Resort.

TDC Tours Ltd. was able to increase its business with several cruiselines during the year. In addition, with the re-opening of the Four Seasons Resort, the company resumed its ground transportation service provided to the resort's guests.

REAL ESTATE DEVELOPMENT

The initiatives to attract sales of products offered by **TDC Real Estate and Construction Ltd** at Sunrise Hills and **Conaree Estates Ltd** at Atlantic View Residences resulted in varying degrees of success. Two homes at Atlantic View and six at Sunrise Hills were sold. This brings the total number of units sold to date to twenty eight at Sunrise Hills and nine at Atlantic View. At year's end, five units at Sunrise Hills and two at Atlantic Views were under construction.

The Cable Bay Hotel Development Company.

Unfortunately, there was no substantial progress made in the planned construction of the 70 unit condominium block comprising Phase III of the company's development known as Oceans Edge at Frigate Bay. A major redesign and financial restructuring was required after the exit of Newfound Developers. The company is now back on course, but is however reliant on the recovery of the tourism sector for success.

ASSOCIATED COMPANIES

The Net Income of the **St Kitts Bottling Company Ltd** fell by 21% compared to the previous year. Local sales were reduced in almost every drink category and exports decreased by 68% over the prior year due to the absence of any major export contracts.

St Kitts Masonry Products Ltd reported improved results for the year even though the sales dropped marginally. Due mainly to the reduction in the cost of raw materials, the gross margin improved by over 10%.

MAICO, our associate insurance company in Anguilla, made a very small contribution to the company's bottom line as its net income fell precipitously due to the difficult economic and market conditions on that island.

SOCIAL CONTRIBUTION

We are ever cognizant of the tremendous support that your company receives from the communities that it serves. Therefore, despite the challenges that it encountered during the year, the company supported various causes and organizations. These included, but were not

Directors' Report 2010/2011 Cont'd

limited to the various national and community cultural festivals, sports clubs and tournaments. It continued, at considerable costs, to honour its commitments to the Warren Tyson Scholarship Programme for high school students, Rotary's Advancement of Children Foundation and the Michael L. King Scholarship Grant Programme, which has benefited six university students so far.

HUMAN RESOURCES

The company continued its commitment to the development and training of staff at all levels to ensure a competitive edge in the marketplace. During the year, Directors, managers, supervisors and staff received training in areas such as Performance Management, VAT Implementation and Sensitization, Customer Service and Human Resource Management.

The Michael L. King Advanced Educational Assistance Programme provided financial assistance to **seventeen** employees who were pursuing studies overseas and through distance education programmes.

THE ECONOMY

The effects of the worldwide economic recession that we experienced the previous year continued during the period under review. As a result, there was contraction of activity in the construction, land based tourism and the distributive and retail sectors. Cruise tourism showed appreciable growth in visitor arrivals. Economic activity in the Federation contracted by a further 4.2% in 2010 following the 4.4% recorded in 2009.

Towards the end of the financial year, the Four Seasons Resort re-opened and has been a boon to employment in Nevis, revenues of the Nevis Island

Administration, and the economy in general. The introduction of the Value Added Tax (VAT) in November of 2011, has created considerable hardship for some citizens, particularly lower income earners who are now required to pay taxes on a range of services that were formerly tax exempt. This and the depressed economy have combined to deal a severe blow to consumer demand.

In recent years, the country has been plagued by the continuing escalation of violent criminal activity. We are very concerned about its impact on investor confidence, business costs, the economy and the welfare and safety of residents and visitors. We call on the authorities to take all steps necessary to eradicate this scourge from our midst.

STATUTORY REPORT

The Directors have pleasure in submitting their Report and Audited Accounts for the year ended

| | <u>2011</u> | <u>2010</u> (Restated) |
|--|--------------------|---------------------------|
| Profit for the year, after providing for Taxation | 8,210,883 | 7,765,618 |
| The Board recommends a total Dividend of 6 cents per share free of tax (2010– 6 cents per share) | (3,120,000) | (3,120,000) |
| Retained Earnings | <u>\$5,090,883</u> | <u>\$4,645,618</u> |

In accordance with Article 99 of the Articles of Association, Jacques A C Cramer, Clive E R Ottley, Charles L Wilkin and Earle A Kelly retire and, being

Directors' Report 2010/2011 Cont'd

eligible, offer themselves for re-election.

In accordance with Article 106 of the Articles of Association, Glenville R Jeffers, General Manager of the Home and Building Depot, St Kitts was appointed to the Board of Directors on February 1st 2011. Mr Jeffers' appointment is being presented for confirmation.

The Auditors, PKF, Chartered Accountants, retire and, being eligible, offer themselves for re-appointment.

In closing, the Board expresses its appreciation for the patronage and loyalty of all of our customers and clients during the year. We also take this opportunity to recognize the solid support of our shareholders and the dedication, commitment and hard work of all our managers and staff as we continue to promote our motto:

**TDC for Service
TDC for Quality

Report of the Auditors

TO THE SHAREHOLDERS

ST KITTS-NEVIS-ANGUILLA TRADING AND DEVELOPMENT COMPANY LIMITED

We have audited the accompanying consolidated financial statements of **St Kitts-Nevis-Anguilla Trading and Development Company Limited and its Subsidiaries ('the Group')** which comprise the Consolidated Statement of Financial Position as at 31 January 2011, and the Consolidated Statement of Income, Consolidated Statement of Comprehensive Income, Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected

depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate for the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Consolidated Financial Statements give a true and fair view of the financial position of **the Group** as of 31 January 2011, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

The attached Notes form an integral part of these Consolidated Financial Statements

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

1 PRINCIPAL ACTIVITIES

St Kitts Nevis Anguilla Trading and Development Company Limited, incorporated in St Kitts, is the Parent Company of a diversified trading, manufacturing and service group. A list of subsidiary companies and their main activities is given at the end of this report.

The registered office of the company is situated at Fort Street, Basseterre, St Kitts.

The Company is listed on the Eastern Caribbean Stock Exchange.

2 SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting:

These consolidated financial statements are prepared on the historical cost basis modified to give effect to the revaluation of certain property, plant and equipment and available for sale financial assets.

The consolidated financial statements of the group have been prepared in accordance with International Financial Reporting Standards (IFRSs).

The accounting policies adopted are consistent with those of the previous financial year including the adoption of the new and amended IAS, IFRS and IFRIC (International Financial Reporting Interpretations Committee);

Standards and interpretations adopted in the current period

| | | |

b) Revenue Recognition:

The group principally derives its revenue from sales to third parties, rendering of services, interest income, dividends, premium income and rental income.

Sales to third parties:

Revenue from sale of products to third parties is recognized when the significant risks and rewards of ownership have been passed to the buyer and the amounts can be measured reliably.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

b) Revenue Recognition: (cont'd)

Rendering of services:

Revenue is recognized in the accounting period in which the services are provided by reference to the stage of completion.

Interest income:

Interest from hire purchase is apportioned over the period in which the instalments are received, in the proportion which instalments received bear to total selling price. Other interest income is recognized as the interest accrues, unless collectibility is in doubt.

Dividend:

Dividend income is recognized when the group's right to receive payment is established.

Premium income:

For general insurance business, premium income is accounted for when invoiced, which corresponds to the date insurance cover becomes effective. Any subsequent revisions are accounted for in the year during which these occur.

Rental income:

Rental income is accounted for on a straight-line basis over the lease term.

c) Basis of Consolidation:

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

Income and expenses of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the effective date of acquisition and up to the effective date of disposal, as appropriate. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group.

All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

c) Basis of Consolidation: (cont'd)

Acquisition of subsidiaries are accounted for using the purchase method of accounting. The cost of acquisition is measured at the fair value of the assets taken up, shares issued or liabilities undertaken at the date of acquisition. The excess of the cost of acquisition over the fair value of the net assets of the subsidiary acquired is recorded as goodwill. Where necessary, accounting policies have been changed to ensure consistency with the policies adopted by the group.

d) Investment in associated companies:

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting. Under the equity method, an investment in an associate is initially recognized in the consolidated statement of financial position at cost and adjusted thereafter to recognize the Group's share of the profit or loss and other comprehensive income to the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

An excess of the cost of acquisition over the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of an associate recognized at the date of acquisition is recognized as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognized immediately in profit or loss.

After application of the equity method, the Group determines whether it is necessary to recognize an additional impairment loss on the Group's investment in its associates. The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognizes the amount in the income statement.

Upon loss of significant influence over the associate, the Group measures and recognizes any retaining investment as its fair value. Any difference between the carrying amount of the associate upon loss of significant influence and the value of the retaining investment and proceeds from disposal is recognized in profit or loss.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

e) Inventories and Goods in Transit:

Inventories and goods in transit are valued at the lower of cost and net realizable value, which have been applied consistently with the previous financial year. The cost of finished products and work in progress comprises raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity).

f) Hire Purchase Transactions:

The gross profit and interest charges relating to hire purchase sales are apportioned over the period in which the instalments are received in the proportion which instalments received bear to the total selling price. Hire purchase stock is valued at hire purchase sale price less deferred gross profit and interest charges and less cash received on account. This value is not greater than cost or net realizable value and has been consistently applied over the years.

g) Policyholders' Funds

St Kitts Nevis Insurance Company Limited (SNIC), a wholly owned subsidiary, is required to set aside and maintain funds for both statutory and actuarial reasons to adequately safeguard the policyholders' interests. These funds are shown separately from the funds attributable to the shareholders and are not available for distribution. An actuary values the long term insurance funds at intervals not exceeding three years.

h) Underwriting Profits:

Underwriting profits are on general insurance business stated after setting off reinsurance premiums and after making adequate provisions for unearned premiums, outstanding claims and claims equalization reserve.

i) Provisions for Unearned Premiums:

Provisions for unearned premiums represent the proportions of the premiums written in the period less reinsurance thereon which relate to periods of insurance subsequent to the end of the reporting period and have been computed on a monthly pro rata fractional basis (the "24th's" method).

j) Outstanding Claims:

Outstanding claims comprise the estimated cost of all claims incurred but not settled at the end of the reporting period, less recoveries from re-insurers. Provision is also made for claims incurred but not reported until after the end of the reporting period. Differences between the provisions for outstanding claims and subsequent settlements and revisions are included in the revenue statements in the year the claims are settled.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

k) Claims Equalisation Reserve:

Claims Equalisation Reserve represents annual transfers from gross premiums on fire, motor and miscellaneous business deemed necessary by the Directors to provide for unforeseen risks and catastrophes, in keeping with standard practice in the insurance industry.

l) Property, Plant and Equipment:

The Freehold and Leasehold properties were independently and professionally revalued in January 1995 and in December 2007 at market values prevailing at those dates. Properties acquired after that date are stated at cost. Surpluses on revaluation are taken directly to Capital Reserve. Property, plant and equipment are stated at cost less related accumulated depreciation.

m) Depreciation of Property, Plant and Equipment:

Depreciation is provided for at varying annual rates calculated to write off the cost of Property, Plant and Equipment other than Leasehold Properties over their expected useful lives.

n) Foreign Currencies:

All amounts are stated in Eastern Caribbean Dollars. Transactions during the year between the Group and its customers and suppliers are converted into local currencies at the rates of exchange ruling at the dates of the transactions. Differences arising therefrom are reflected in the current's year results. Assets and liabilities in foreign currencies are translated into Eastern Caribbean Dollars at the rates of exchange prevailing at the end of the reporting period.

o) Taxation:

The company follows the liability method of accounting for deferred tax whereby all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes are provided for at the current corporation tax rate. Deferred tax assets are only recognized when it is probable that taxable profits will be available against which the assets may be utilized.

p) Turnover:

Turnover principally comprises sales to third parties, commissions and gross general insurance premiums.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

q) **Borrowing costs:**

Borrowings costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective assets. All other borrowing costs are expensed in the period they occur. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds.

The group capitalizes borrowing costs for all eligible assets where construction was commenced on or after January 1, 2009.

r) **Trade and Other Payables:**

Liabilities for trade and other amounts payable are carried at cost, which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the group.

s) **Provisions:**

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

t) **Trade and Other Receivables:**

Trade receivables are recognized and carried at original invoice amounts less an allowance for any uncollectible amounts. An estimate for doubtful debts is made when collection of the full amount is no longer probable. Bad debts are written off as incurred.

u) **Use of estimates:**

The preparation of financial statements in conformity with International Financial Reporting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

v) Investments:

Available-for-sale:

These are securities, which are not held with the intention of generating profits from market movements, and the general purpose is to hold these securities for an indefinite period.

Investments are initially recognized at cost, being the fair value of the consideration given, including acquisition charges associated with the investment. For securities where there is no quoted market price, fair value has been estimated by management at cost less amounts written off.

Investments in companies quoted on the Eastern Caribbean Securities Exchange are carried at fair value based on quoted market prices at the year end. All unrealized gains and losses on revaluation are reported as part of shareholders' equity in the capital reserve account, until the securities are disposed of, at which time the cumulative gain or loss previously recognized in equity is included in the Income Statement.

Held to maturity:

Investments in which management has the intent and ability to hold to the fixed maturity date are classified as held to maturity and included in non current assets and carried at cost.

w) Cash and cash equivalents:

For the purpose of the cash flow statement, cash and cash equivalents comprise cash on hand and at bank and short term investments.

x) Intangibles:

Goodwill:

Goodwill is being amortised over a period of 10 years effective from year ended 31 January 2009.

Licences from travel agencies:

The amortisation policy of this intangible asset is yet to be determined by management.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

2 SIGNIFICANT ACCOUNTING POLICIES (cont'd)

x) Intangibles: (Cont'd)

Software:

Intangible assets are identifiable non-monetary assets without physical substance. Acquired computer software licences, upgrades to software and related costs that are expected to contribute to the future economic benefit of the company are capitalized on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over their estimated useful lives at a rate of 20% per annum.

Costs associated with maintaining computer software programmes are recognized as an expense when incurred.

Revaluation of Freehold and Leasehold Properties:

Revaluation in 2007

In December 2007, the Parent and Subsidiary Companies' freehold and leasehold properties were again independently revalued by Cooper Kauffman Limited, Professional Valuers. The surplus of \$38,881,024 arising on this revaluation was credited to Capital Reserve during the year ended 31 January 2010. Subsequent additions have been included at cost.

Two (2) parcels of leasehold land on which there are buildings of two subsidiary companies have been leased from Government for periods of 50 years effective 1982 and 1985 respectively.

Notes to the Consolidated Financial Statements

For the Year Ended 31 January 2011 (Expressed in Eastern Caribbean Dollars)

20 FINANCIAL INSTRUMENTS

a) Interest Rate Risk

Interest rates and terms of borrowing are disclosed in Note 10.

b) Credit Risk

The Group sells products and provides services to customers primarily in St Kitts-Nevis. The Group performs on-going credit evaluation of its customers and counterparties and provisions are made for potential credit losses.

c) Fair Values

The carrying amounts of the following financial assets and liabilities approximate their fair value: cash and bank balances, short-term deposits, accounts receivable, investments, accounts payable, loans and long-term liabilities.

d) Currency Risk

Substantially all of the Group's transactions and assets and liabilities are denominated in Eastern Caribbean Dollars and United States Dollars. Therefore, the Group has no significant exposure to currency risk.

e) Liquidity Risk:

In order to manage liquidity risk, management seeks to maintain sufficient levels of cash and cash equivalents and available credit facilities, such as, loans and overdrafts to finance its operations and ongoing projects.
